

**Product Advantages:**

- Precise temperature control thanks to 2x PT 1000 system and its ingenious software.
- Intelligent dehumidification system guarantee optimum warming conditions.
- Store quick fried food and breaded dishes until serving in the Hold-o-mat (always fresh and crispy because of the dehumidifier).
- Quick searing is sufficient, the Hold-o-mat gently simmers the food leaving your grill free to prepare more dishes.
- It provides a "cook and hold" capability.
- Meat is kept warm and improves in quality.
- Food ready-prepared in the kitchen can be transported and served warm.
- The fold-out handles ensure optimum ease of carrying in quality.
- OLED display provides a perfect view of temperatures and allows easy programming.

**Technical Data:**

Width x Height x Depth	415 x 675 x 423 (mm)	4 x
Capacity	GN 1/1 65 mm or 2 x GN 1/1 100 mm	
Connected load (kW)	1.5	
Voltage (V)	240 1 phase AC	
Recommended fuses	1 x 10	
(A) Weight (kg)	28	
Reference:	BJ997346
