

Product Advantages:

- This shiny polished Combistar is designed to treat meat products right in front of the customer – visibly appetizing, visibly hygienic.
- Mincing and chopping appliances are simply and genially combined together to make up a show front of machines.
- The Combistar needs only a minimum of space and has been constructed to meet international safety standards.
- The mechanism – proven a thousand times over – and the modern electronics, all guarantee the highest degree of reliability, even at temperatures in refrigerated spaces.
- Operating safety is ensured at all times.
- The Combistar not only looks especially hygienic but can be easily maintained perfectly cleaned due to its ergonomically correct design.
