Setting	Temp (C°)	Setting	Temp (C°)
1	60	11	160
2	70	12	170
3	80	13	180
4	90	14	190
5	100	15	200
6	110	16	210
7	120	17	220
8	130	18	230
9	140	19	250
10	150	20	275

Product Advantages:

- Glass touch control panel – touchpad: 360° knobs with 4 digits display screen to read the temperature.
- Cooking juice recovery tray under the product
- Possibility of removing the feet to put the product on a neutral surface

Technical Data:

Width x Depth x Height	800 x 800 (850) x 455 mm
Plancha size	730 x 600mm
Connected load (kW)	16.0 (4 x 4000 W)
Voltage (V)	415 3 phase AC
Recommended fuses (A)	3 x 32
External structure	Stainless steel
Cooking surface	Grill surface in a multi layer material
Amp load	28 A per phase
