

Product Advantages:

- The hand blender from Kisag is **efficient** and **robust**.
- **Highly versatile**: thanks to its extremely strong stirring performance and multifunctional all-purpose blade it can be used for **mixing, pureeing or whipping cream, mayonnaise**, for **grinding and chopping** of nuts etc.
- The device **fits easily into your hand** and offers **great hygiene** advantages.
- Stem, foot and blade made of **stainless steel**.
- Fixed mounted stem and foot as unit, without gaps: **absolutely hygienic**.
- Construction and special seals prevent absorption: **no residues** left in blending shaft. The food is never contaminated.

"It is small and light enough to fit in my suit case to travel with. Slow start up speed is like nothing I have used before. I have never had a hand blender that is as quick as the Kisag at preparing glaze for patisserie products, but it is strong and powerful enough to blitz nuts and other tough products".
