

Technical Data:

Dimensions	1300 x 750 x 850 mm
Effective area / volume	723 x 315 x 543 mm
Usable Capacity	100 L
Max Oil Capacity	35 L
Weight	330 kg (with Options)
Electric Load	24.2 kW
Recommended Fuses	3 x 50 A
Voltage	415 3 Phase AC
Type of Protection	IPX6
Residual current device (RCD)	Recommended fuse protection (provided by customer), type A, 100 mA

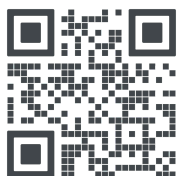

Product Description:

- MaxPower available
- MagicPilot – Robust, wear-free, capacitive true colour touch screen.
- AutoChef – Automatic cooking in 10 cooking categories from Meat to Perfection (regeneration)
- Manual operation – Allow you the freedom to prepare a wide variety of dishes according to your own wishes and requirements.
- Turbo PowerBlock – Pan bottoms with intelligent heating system (energy saving and efficient).
- SpaceClean (Option) – automatic cleaning system for skillet pans and lids.
- ReadyXpress – High speed in the production process.
- FlexiZone - Simultaneous frying on up to 3 zones
- OpenXpress – Pressure reduction is possible in at least one minute.
- Integrated Hand Shower
- Automatic filling and emptying.
- Automatic lid opening and closing.
- Option of control panel on left or right side.

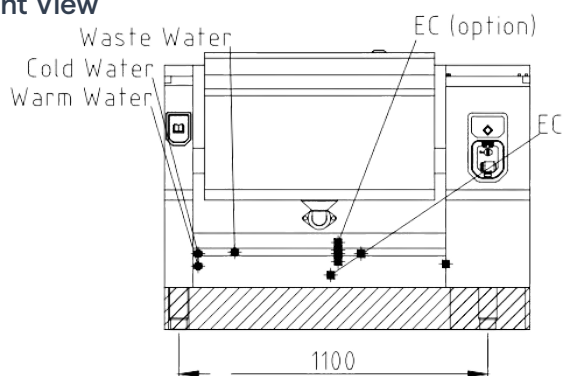

Installation requirements:

- Electrical power provided by customer.
