

PHOENIKS

# FlexiCombi Classic Maxi 6.2 Gas

Product Reference: FKG062R\_CL

## Technical Data:

|                               |                           |
|-------------------------------|---------------------------|
| Dimensions                    | 1020 x 790 x 799 mm       |
| Connected Load                | 61.2 MJ/h                 |
| Connected Load (Electric)     | 0.6 kW                    |
| Voltage                       | 240 1 Phase AC            |
| Recommended Fuses             | 1 x 10 A                  |
| Frequency                     | 50 Hz                     |
| Soft Water Connection         | DN 20 (R ¾" inside)       |
| Water Connection              | DN 20 (R ¾" inside)       |
| Water Pressure                | 200 - 600 kPa (2 - 6 bar) |
| Drain Connection              | DN 50                     |
| Gastronorm 1/1 (530 x 325 mm) | 12 (max. 65 mm deep)      |
| Gastronorm 2/1 (530 x 650 mm) | 6 (max. 65 mm deep)       |
| Gross Weight                  | 160 kg                    |
| Heat Emission Latent          | 3060 W                    |
| Heat Emission Sensitive       | 2550 W                    |

## Product Description:

- FlexiRack® – 50% more cooking capacity (= save time and energy).
- KlimaSelect – Humidity and temperature control measurement (= reliable food quality).
- 5 programmable fan speeds for best cooking uniformity.
- Up to 100 individual cooking programmes can be stored in up to 6 steps & USB interface.
- 316 S11 durable hygienic cooking chamber.
- EasyLoad crosswise insertion.
- DynaSteam2 – It speeds up the cooking process and saves energy.
- Integrated heat exchanger & Hand Shower.
- WaveClean – Automatic cleaning system (safe, easy, economical).
- 3 years warranty parts and labour.

## Installation requirements:

- Soft Water / Water supply / Connection to waste water provided by customer.
- If mineral content is high, reverse osmosis system may be advisable.
