

Technical Data:

|                 |                                 |
|-----------------|---------------------------------|
| Dimensions      | 1250 x 2140 x 960 mm            |
| No of Spits     | 6                               |
| Voltage         | 415 3 Phase                     |
| Amperage        | 15 A                            |
| Connected Power | 10.4 kW                         |
| Hourly Capacity | 24/30 vol (depending on weight) |
| Weight          | 400 kg                          |

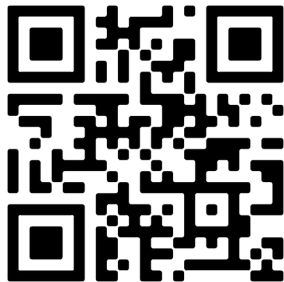

Product Description:

- Fully automatic self-cleaning with eco-friendly closed-loop system and professional detergent tablets
- Sleek touch glass control panel with intuitive operation and interactive diagnostics
- Modern see-through design with LED lighting for optimized visibility
- Ventilated hot air and infrared technology cooks 1.2 kg chicken in under 1 hour
- Dual-sided glass door, end-of-cooking alert, and double-glazed burn-resistant glass

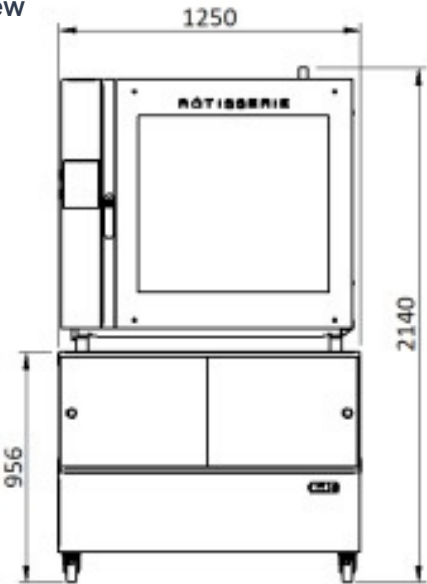

Installation requirements:

- Electrical power provided by customer.
- Cold water supply
